55 and 7/4/1 definite notice of vessel's re-delivery, and probable port. Tendering redelivery notice will render option null and void. No redelivery between 1st December - 1st  
56 February during this Charter.

57 5. Hire to be paid with first hire from date of delivery, until the 1<sup>st</sup> / 00:00 hours of the following month, whilst hire thereafter to be payable on a monthly basis with  
58 remittance value date to be the 20<sup>th</sup> of a month. Payment of said hire to be made in Hamburg as per Clause 77 in cash in United States Currency, see Clause 32, and for the  
59 last half month or part of same the approximate amount of hire, and should same not cover the actual time, hire is to be paid for the balance day by day, as it becomes due, if  
60 so required by Owners, unless bank guarantee or deposit is made by the Charterers, otherwise failing the punctual and regular payment of the hire, or bank guarantee, or on  
61 any breach of this Charter Party, the Owners shall be at liberty to withdraw the vessel from the service of the Charterers, without prejudice to any claim they (the Owners) may  
62 otherwise have on the Charterers. Time to count from 7 a.m. on the working day  
63 following that on which written notice of readiness has been given to Charterers or their Agents before 4 p.m., but if required by Charterers, they  
64 to have the privilege of using vessel at once, such time used to count as hire.

65 Cash for vessel's ordinary disbursements at any port may be advanced as required by the Captain, by the Charterers or their Agents, subject to 2½% commission  
66 and such advances shall be deducted from the hire. The Charterers, however, shall in no way be responsible for the application of such advances.

67 6. That the cargo or cargoes be laden and/or discharged in any dock or at any wharf or place that Charterers or their Agents may direct, provided the vessel can  
68 safely lie always afloat at any time of tide except at such places where it is customary for similar size vessels to  
69 safely lie aground.

70 7. That the whole reach of the Vessel's Hold, Decks, and usual places of loading (not more than she can reasonably stow and carry), also  
71 accommodations for Supercargo, if carried, shall be at the Charterers' disposal, reserving only proper and sufficient space for Ship's officers, crew, tackle, apparel, furniture,  
72 provisions, stores and fuel. Charterers have the privilege of passengers as far as accommodations allow. Charterers  
73 paying Owners ..... US\$ ..... per day per passenger for accommodations and meals. However, it is agreed that in case any fines or extra expenses are  
74 incurred in the consequence of the carriage of passengers, Charterers are to bear such risk and expense.

75 8. That the Captain shall prosecute his voyages with the utmost despatch, *with due regard to the slow steaming clause if so instructed by Charterers* and  
76 shall render all customary assistance with ship's crew and boats. The Captain (although appointed by the Owners), shall be under the orders and directions of the Charterers  
77 as regards employment and agency; and Charterers are to load, stow, trim, lash, secure, unlash, unsecure, tally, and discharge, the cargo at their expense under the  
78 supervision and responsibility of the Master, (as far as vessel seaworthiness is concerned, but without prejudice to Charterers responsibility to properly load,  
79 stow, lash etc.) who is to sign Bills of Lading for cargo as presented, in conformity with Mate's and or Tally Clerk's receipts. See Clause 52 and Clause 70.

80 9. That if the Charterers shall have reason to be dissatisfied with the conduct of the Captain, Officers, or Engineers, the Owners shall on receiving particulars of the  
81 complaint, investigate the same, and, if necessary, make a change in the appointments.

82 10. That the Charterers shall have permission to appoint a Supercargo, who shall accompany the vessel and see that voyages are prosecuted with the utmost despatch *with*

83 due regard to the slow steaming clause if so instructed by Charterers'. He is to be furnished with free and suitable accommodation, and same fare as provided for  
84 Captain's table, Charterers paying at the rate of ~~US\$120~~ per day. Owners to vidual Pilots and Customs Officers, and when authorized by Charterers or their Agents to vidual  
85 Tally Clerks, Stevedores Foreman, etc., Charterers paying at the current rate per meal, for all such vidualling. See Clause 101

86 11. That the Charterers shall furnish the Captain from time to time with all requisite instructions and sailing directions, in writing, *in writing*, and the Captain shall  
87 keep a full and correct Log of the voyage or voyages, which are to be patent to the Charterers or their Agents, and furnish the Charterers, their Agents or Supercargo, when  
88 required, with a true copy of daily Logs, showing the course of the vessel and distance run and the consumption of fuel.

89 12. That the Captain shall use diligence in caring for the ventilation of the cargo holds as instructed by the Charterers.

90 13. That the Charterers shall have the option of continuing this charter for a *further period of minimum 8 / maximum 12 months, +/- 15 days more or less in*  
91 *Charterers option, which to be nominated latest September 3rd, 2015. Hire rate for the optional period USD 15500 per day or pro rata, including overtime.*  
92 on giving written notice thereof to the Owners or their Agents.....  
93 14. That if required by Charterers, time not to commence before ..... and should vessel

94 not have given written notice of readiness on or before .....  
95 but not later than 4 p.m. Charterers or their Agents to have the option of cancelling this Charter at any time not later than the day of vessel's readiness.

96 15. That in the event of the loss of time from deficiency and/or default and / or strike of officers and crew of men or deficiency of stores, fire, breakdown or damages  
97 to hull, machinery or equipment grounding, detention by average accidents to ship or cargo, dry-docking for the purpose of examination or painting bottom, or by any other  
98 cause preventing the full working of the vessel *unless this has been caused by Charterers and / or Charterers' servants*, the payment of hire shall cease for the time  
99 thereby lost; and if upon the voyage the speed be reduced by defect in or breakdown of any part of her hull, machinery or equipment, *unless this has been caused by*  
100 *Charterers, and / or Charterers' servants*, the time so lost, and the cost of any extra fuel consumed in consequence thereof, and all direct unavoidable extra expenses shall  
101 be deducted from the hire. See also Clauses 35 / 40 / 41 / 52 / 54 / and 70

102 16. That should the Vessel be lost, money paid in advance and not earned (reckoning from the date of loss or being last heard of) shall be returned to the  
103 Charterers *within 3 banking days*. The act of God, enemies, fire, restraint of Princes, Rulers and People, and all dangers and accidents of the Seas, Rivers, machinery,  
104 Boilers and Steam Navigation, and errors of Navigation throughout this Charter Party, always mutually excepted. The vessel shall have the liberty to sail with or without pilots,  
105 to tow and to be towed, to assist vessels in distress, and to deviate for the purpose of saving life and property.

106 17. That should any dispute arise between Owners and the Charterers, the matter in dispute shall be referred to three persons at New York, one to be appointed  
107 by each of the parties hereto, and the third by the two so chosen; their decision or that of any two of them, shall be final, and for  
108 the purpose of enforcing any award, this agreement may be made a rule of the Court. The Arbitrators shall be commercial men. See Clause 68

109 18. That the Owners shall have a lien upon all cargoes, and all sub-freights *and sub hires* for any amounts due under this Charter, including General Average  
110 contributions, and the Charterers to have a lien on the Ship for all monies paid in advance and not earned, and any overpaid hire or excess deposit to be returned at once.  
111 Charterers will not suffer, nor permit to be continued, any lien or encumbrance incurred by them or their agents, which might have priority over the title and interest of the  
112 owners in the vessel. See Clause 65

113 19. That all derelicts and salvage shall be for Owners' and Charterers' equal benefit after deducting Owners' and Charterers' expenses and Crew's proportion.  
114 *General Average shall be adjusted, stated and settled, according to Rules 1 to 15, inclusive, 17 to 22, inclusive, and Rule F of York-Antwerp Rules 1994, In London, in*  
115 *the United States as may be selected by the carrier, and as to matters not provided for by these Rules, according to the laws and usages at the port of New York. In such*  
116 *adjustment disbursements in foreign currencies shall be exchanged into United States money at the rate prevailing on the dates made and allowances for damage to cargo*  
117 *claimed in foreign currency shall be converted at the rate prevailing on the last day of discharge at the port or place of final discharge of such damaged cargo from the ship.*  
118 *Average agreement or bond and such additional security as may be required by the carrier, must be furnished before delivery of the goods. Such cash deposit as the carrier or*  
119 *his agents may deem sufficient as additional security for the contribution of the goods and for any salvage and special charges thereon, shall, if required, be made by the*  
120 *goods shippers, consignees or owners of the goods to the carrier before delivery. Such deposit shall, at the option of the carrier, be payable in United States money and be*  
121 *remitted to the adjuster. When so remitted the deposit shall be held in a special account at the place of adjustment in the name of the adjuster pending settlement of the*  
122 *General Average and refunds or credit balances, if any, shall be paid in*  
123 *United States money.*

124 In the event of accident, danger, damage, or disaster, before or after commencement of the voyage resulting from any cause whatsoever, whether due to negligence  
125 or not, for which, or for the consequence of which, the carrier is not responsible, by statute, contract, or otherwise, the goods, the shipper and the consignee, jointly and

126 severally, shall contribute with the carrier in general average to the payment of any sacrifices, losses, or expenses of a general average nature that may be made or incurred,  
127 and shall pay salvage and special charges incurred in respect of the goods. If a salving ship is owned or operated by the carrier, salvage shall be paid for as fully and in the  
128 same manner as if such salving ship or ships belonged to strangers. **Hire not to contribute to General Average.** On a without prejudice basis, Owners agree to discuss with  
129 Charterers possible commercial solution prior to declaring a General Average. Provisions as to General Average in accordance with the above are to be included in all bills of  
130 lading issued hereunder.

131 20. Fuel used by the vessel while off hire, also for cooking, condensing water, or for grates and stoves to be agreed to as to quantity, and the cost of replacing same,  
132 to be allowed by Owners.

133 21. That as the vessel may be from time to time employed in tropical waters during the term of this Charter, Vessel is to be decked at a convenient place, bottom  
134 cleaned and painted whenever Charterers and Captain think necessary, at least once in every six months, reckoning from time of last painting,  
135 and payment of the hire to be suspended until she is again in proper state for the service.

136 *No Dry docking unless in case of emergency.*

137 22. Owners shall maintain the gear of the ship as fitted, providing gear (for all derricks) capable of handling lifts up to three tons, also providing ropes, falls, slings  
138 and blocks. If vessel is fitted with derricks capable of handling heavier lifts, Owners are to provide necessary gear for same as on board, otherwise equipment and gear for  
139 heavier lifts shall be for Charterers' account. Owners also to provide on the vessel sufficient lights as fitted onboard for night works, in holds and to maintain same in efficient  
140 working order and vessel to give use of electric light when so fitted, but any additional lights over those on board to be at Charterers' expense.

141 The Charterers to have the use of any gear on board.

142 23. Vessel to work night and day, if required by Charterers, and all winches to be at Charterers' disposal during loading and discharging; steamer to provide one  
143 winchman per hatch to work winches day and night, as required, Charterers agreeing to pay officers, engineers, winchmen, deck hands and donkeymen for overtime work  
144 done in accordance with the working hours and rates stated in the ship's articles. If the rules of the port, or labor unions, prevent crew from driving winches, shore winchmen  
145 to be paid by Charterers. In the event of a disabled winch or winches, or insufficient power to operate winches, Owners to pay for shore engine, or engines, in lieu thereof, if  
146 required, and pay any loss of time occasioned thereby.

147 See Clause 33

148 24. It is also mutually agreed that this Charter is subject to all the terms and provisions of and all the exemptions from liability contained in the Act of Congress of the  
149 United States approved on the 13th day of February, 1893, and entitled "An Act relating to Navigation of Vessels" etc.,  
150 in respect of all cargo shipped under this charter to or from the United States of America. It is further subject to the following clauses, both of which are to be  
151 included in all bills of lading issued hereunder:

152 **U.S.A. Clauses Paramount**

153 This bill of lading shall have effect subject to the provisions of the Carriage of Goods by Sea Act of the United States, approved April 16, 1936, which shall be deemed to be  
154 incorporated herein, and nothing herein contained shall be deemed a surrender by the carrier of any of its rights or immunities or  
155 an increase of any of its responsibilities or liabilities under said Act. If any term of this bill of lading be repugnant to said  
156 Act to any extent, such term shall be void to that extent, but no further.

157 **Both-to-Blame Collision Clause**

158 If the ship comes into collision with another ship as a result of the negligence of the other ship and any act, neglect or default of the Master, mariner, pilot or the servants of the  
159 Carrier in the navigation or in the management of the ship, the owners of the goods carried hereunder will indemnify the Carrier against all loss or liability to the other or non-  
160 carrying ship or her owners in so far as such loss or liability represents loss of or damage to, or any claim whatsoever of the owners of said goods, paid or payable by the  
161 other or non-carrying ship or her owners to the owners of said goods and set off, recouped or recovered by the other or non-carrying ship or her owners as part of their claim  
162 against the carrying ship or carrier.

163 See Clause 36/37 and Rider Clauses

164 25. The vessel shall not be required to enter any ice-bound port or area, or any port or area where lights or light ships have been or are about to be withdrawn by  
165 reason of ice, or where there is risk that in the ordinary course of things the vessel will not be able on account of ice to safely enter the port or area, or to get out after having  
166 completed loading or discharging.

167 26. Nothing herein stated is to be construed as a demise of the vessel to the Time Charterers. The owners to remain responsible for the navigation of the vessel,  
168 insurance, crew as well as physical control and operations of the vessel at all times, acts of pilot and tugboats and linesmen, except in case of strike and / or lockout and / or

81

169 other circumstances beyond Owner's control, and all other matters, same as when trading for their own account.

170 27. A commission of 2½ per cent is payable by the Vessel and Owners to on hire earned and paid under this Charter, and also upon any continuation or extension  
171 of this Charter.

172 28. No address commission of 2½ per cent payable to \_\_\_\_\_ on the hire earned and paid under this Charter

 66 following that on which written notice of readiness has been given to Charterers or their Agents before 4 p.m., but if required by Charterers, they  
 67 to have the privilege of using vessel at once, such time used to count as hire.

68 Cash for vessel's ordinary disbursements at any port may be advanced as required by the Captain, by the Charterers or their Agents, subject  
 69 to 2 ½ % commission and such advances shall be deducted from the hire. The Charterers, however, shall in no way be responsible for the application  
 70 of such advances.

71 6. That the cargo or cargoes be laden and/or discharged in any safe dock or at any safe wharf or place including double banking – see also  
 72 Clause 78 - that Charterers or their Agents may  
 73 direct, provided the vessel can safely lie always afloat at any time of tide, except at such places where it is customary for similar size vessels to safely  
 74 lie aground (however, see Clause 94).

75 7. That the whole reach of the Vessel's Hold, Decks, and usual places of loading (not more than she can reasonably stow and carry), also  
 76 accommodations for Supercargo, if carried, shall be at the Charterers' disposal, reserving only proper and sufficient space for Ship's officers, crew,  
 77 tackle, apparel, furniture, provisions, stores and fuel. Supercargo to be carried only under his and/or Charterers' sole responsibility. Charterers  
 78 have the privilege of passengers as far as accommodations allow, Charterers  
 79 paying Owners ..... per day per passenger for accommodations and meals. However, it is agreed that in case any fines or extra expenses are  
 80 incurred in the consequence of the carriage of passengers, Charterers are to bear such risk and expense. See Clause 84.

81 8. That the Captain shall prosecute his voyages with the utmost despatch, and shall render all customary assistance with ship's crew and  
 82 boats. The Captain (although appointed by the Owners), shall be under the orders and directions of the Charterers as regards employment and  
 83 agency; and Charterers are to load, stow, and trim, discharge and lash/unlash the cargo at their expense under the supervision of the Captain, who, if  
 84 requested by Charterers and/or their agents, is to sign Bills of Lading for  
 85 cargo as presented, in conformity with Mate's or Tally Clerk's receipts.

86 9. That if the Charterers shall have reason to be dissatisfied with the conduct of the Captain, Officers, or Engineers, the Owners shall on  
 87 receiving particulars of the complaint, investigate the same, and, if necessary, make a change in the appointments.

88 10. That the Charterers shall have permission to appoint a Supercargo one or two Supercargoes, who shall accompany the vessel subject to  
 89 sufficient space for 2<sup>nd</sup> Supercargo and Supercargo(es) to be carried under their Charterers' sole responsibility and see that voyages are  
 90 prosecuted with the utmost despatch. They are to be furnished with free accommodation, and same fare as provided for Captain's table, Charterers paying at  
 91 the  
 92 rate of \$1.00 USD 10.00 per Supercargo per day. Owners to viuetal Pilots and Customs Officers, and also, when authorized by Charterers or their  
 93 Agents, to viuetal Tally  
 94 Clerks, Stevedore's Foreman, etc., Charterers paying at the current rate per meal, for all such viuetalling. All representation and all communication  
 95 expenses to be compensated by Charterers at US\$ 1,000.00 per month/pro rata for c/v/e together with hire due.

96 11. That the Charterers shall furnish the Captain from time to time with all requisite instructions and sailing directions, in writing, and the  
 97 Captain shall keep a full and correct Log of the voyage or voyages, which are to be patent to the Charterers or their Agents, and furnish the Charterers,  
 98 their Agents or Supercargo, when required, with a true copy of daily Logs, deck and engine, both in English, showing the course of the vessel  
 99 and speed/distance run and the con-  
 100 sumption of fuel.

101 12. That the Captain shall use diligence in caring for the ventilation of the cargo.

 93 ~~on giving written notice thereof to the Owners or their Agents ..... days previous to the expiration of the first named term, or any declared option.~~  
 94 14. That if required by Charterers, time not to commence before....15<sup>th</sup> August 2013 - 00:01 hours local time.....and should vessel  
 95 not have given written notice of readiness been delivered on or before 15<sup>th</sup> August 2013 - 23:59 hours local time but not later than 4 p.m.  
 Charterers or  
 96 their Agents to have the option of cancelling this Charter at any time not later than the day of vessel's readiness.  
 97 15. That in the event of the loss of time from pursuant to deficiency and/or default of men or stores, fire, breakdown or damages to hull,  
 machinery or equipment,  
 98 grounding, detention by average accidents to ship or cargo, drydocking for the purpose of examination or painting bottom, or by any other cause  
 99 preventing the full working of the vessel, the payment of hire shall cease for the actual time thereby lost; and if upon the voyage the speed be reduced  
 by  
 100 defect in or breakdown of any part of her hull, machinery or equipment, the actual time so lost, and the cost of any extra fuel consumed in consequence  
 101 thereof, and all direct resulting extra expenses shall be deducted from the hire. In case of vessel's crane breakdown, vessel to be partial off-hire for  
 the number of cranes affected, unless the broken down crane is the only crane required by Charterers for discharging/loading operation (in  
 which case the vessel is fully off-hire).  
 102 16. That should the Vessel be lost, money paid in advance and not earned (reckoning from the date of loss or being last heard of) shall be  
 103 returned to the Charterers at once. The act of God, enemies, fire, restraint of Princes, Rulers and People, and all dangers and accidents of the Seas,  
 104 Rivers, Machinery, Boilers and Steam Navigation, and errors of Navigation throughout this Charter Party, always mutually excepted.  
 105       The vessel shall have the liberty to sail with or without pilots, to tow and to be towed, to assist vessels in distress, and to deviate for the  
 106 purpose of saving life and property.  
 107 17. That should any dispute arise between Owners and the Charterers, the matter in dispute shall be referred to GMAA at Hamburg.

 109 ~~the purpose of enforcing any award, this agreement may be made a rule of the Court. The Arbitrators shall be commercial men.~~  
 110 18. That the Owners shall have a lien upon all cargoes, and all sub-freights and sub-hires (as far as belonging to Time-  
 Charterers) for any amounts due under this Charter, including General Aver-  
 111 age contributions, and the Charterers to have a lien on the Ship for all monies paid in advance and not earned, and any overpaid hire or excess  
 112 deposit to be returned at once. Charterers will not suffer, nor permit to be continued, any lien or encumbrance incurred by them or their agents, which  
 113 might have priority over the title and interest of the owners in the vessel.  
 114 19. That all derelicts and salvage shall be for Owners' and Charterers' equal benefit after deducting Owners' and Charterers' expenses and  
 Crew's proportion. General Average shall be adjusted, stated and settled, according to Rules 1 to 15, inclusive, 17 to 22, inclusive, and Rule F of  
 115 York-Antwerp Rules 1924, at such port or place in the United States as may be selected by the carrier, and as to matters not provided for by these  
 116 Rules, according to the laws and usages at the port of New York. In such adjustment disbursements in foreign currencies shall be exchanged into  
 117 United States money at the rate prevailing on the dates made and allowances for damage to cargo claimed in foreign currency shall be converted at  
 118 the rate prevailing on the last day of discharge at the port or place of final discharge of such damage cargo from the ship. Average agreement or  
 119 bond and such additional security, as may be required by the carrier, must be furnished before delivery of the goods. Such cash deposit as the carrier  
 120 or his agents may deem sufficient as additional security for the contribution of the goods and for any salvage and special charges thereon, shall, if  
 121 required, be made by the goods, shippers, consignees or owners of the goods to the carrier before delivery. Such deposit shall at the option of the  
 122 carrier, be payable in United States money and be remitted to the adjuster. When so remitted the deposit shall be held in a special account at the

124 place of adjustment in the name of the adjuster pending settlement of the General Average and refunds or credit balances, if any, shall be paid in  
 125 United States money.

126 In the event of accident, danger, damage, or disaster, before or after commencement of the voyage resulting from any cause whatsoever,  
 127 whether due to negligence or not, for which, or for the consequence of which, the carrier is not responsible, by statute, contract, or otherwise, the  
 128 goods, the shipper and the consignee, jointly and severally, shall contribute with the carrier in general average to the payment of any sacrifices,  
 129 losses, or expenses of a general average nature that may be made or incurred, and shall pay salvage and special charges incurred in respect of the  
 130 goods. If a salving ship is owned or operated by the carrier, salvage shall be paid for as fully and in the same manner as if such salving ship or  
 131 ships belonged to strangers.

132 Provisions as to General Average in accordance with the above are to be included in all bills of lading issued hereunder.

133 20. Fuel used by the vessel while off hire, also for cooking, condensing water, or for grates and stoves to be agreed to as to quantity, and the  
 134 cost of replacing same, to be allowed by Owners.

135 21. That as the vessel may be from time to time employed in tropical waters during the term of this Charter, Vessel is to be docked at a  
 136 convenient place, bottom cleaned and painted whenever Charterers and Captain think necessary, at least once in every six months, reckoning from  
 137 time of last painting, and payment of the hire to be suspended until she is again in proper state for the service.

138 Vessel not to drydock during currency of this Charter Party, except in case of emergency (next drydock is due in August 2017) .....

139 .....

140 22. Owners shall maintain the gear of the ship as fitted, provided gear (for all cranes derricks) capable of handling lifts as per vessel's  
 141 description up to three tons, also

142 providing ropes, falls, slings and blocks. If vessel is fitted with derricks capable of handling heavier lifts, Owners are to provide necessary gear for  
 143 same, otherwise equipment and gear for heavier lifts shall be for Charterers' account. Owners also to provide on the vessel and in holds lanterns and  
 oil for

144 night work, and vessel to give use sufficient of electric light as on board when so fitted, but any additional lights over those on board to be at  
 Charterers' expense. The

145 Charterers to have the use of any gear on board the vessel.

146 23. Vessel to work night and day, if required by Charterers, and all winches to be at Charterers' disposal during loading and discharging;  
 steamer to provide one winchman per hatch to work winches day and night, as required. Charterers agreeing to pay officers, engineers, winchmen,  
 147 deck hands and donkeymen for overtime work done in accordance with the working hours and rates stated in the ship's articles. If the rules of the  
 148 port, or labour unions, prevent crew from driving winches, shore Winchmen to be paid by Charterers. In the event of a disabled winch or winches, or  
 149 insufficient power to operate winches, Owners to pay for shore engine, or engines, in lieu thereof, if required, and pay any loss of time occasioned  
 150 thereby. Compulsory watchmen and watchmen for cargo to be for Charterers' account, all other watchmen for account of the party ordering  
 same.

151 24. It is also mutually agreed that this Charter is subject to all the terms and provisions of and all the exemptions from liability contained  
 152 in the Act of Congress of the United States approved on the 13th day of February, 1893, and entitled "An Act relating to Navigation of Vessels,  
 etc.," in respect of all cargo shipped under this charter to or from the United States of America. It is further subject to the following clauses, both  
 153 of which are to be included in all bills of lading issued hereunder:

154 U.S.A. Clause Paramount

155 This bill of lading shall have effect subject to the provisions of the Carriage of Goods by Sea Act of the United States, approved April  
 156 16, 1936, which shall be deemed to be incorporated herein, and nothing herein contained shall be deemed a surrender by the carrier of  
 157 any of its rights or immunities or an increase of any of its responsibilities or liabilities under said Act. If any term of this bill of lading  
 158 be repugnant to said Act to any extent, such term shall be void to that extent, but no further.

159 Both to Blame Collision Clause

**FIRST ORIGINAL**

161 If the ship comes into collision with another ship as a result of the negligence of the other ship and any act, neglect or default of the  
162 Master, mariner, pilot or the servants of the Carrier in the navigation or in the management of the ship, the owners of the goods enfrid  
163 hereunder will indemnify the Carrier against all loss or liability to the other or non-carrying ship or her owners in so far as such loss  
164 or liability represents loss of, or damage to, or any claim whatsoever of the owners of said goods, paid or payable by the other or non-  
165 carrying ship or her owners to the owners of said goods and set off, recouped or recovered by the other or non-carrying ship or her  
166 owners as part of their claim against the carrying ship or carrier.

167 25. The vessel shall not be required to enter any ice-bound port, or any port where lights or light-ships have been or are about to be with-  
168 drawn by reason of ice, or where there is risk that in the ordinary course of things the vessel will not be able on account of ice to safely enter the  
169 port or to get out after having completed loading or discharging.

170 26. Nothing herein stated is to be construed as a demise of the vessel to the Time Charterers. The owners to remain responsible for the  
171 navigation of the vessel, insurance, crew, and all other matters, same as when trading for their own account.

172 27. A commission of 2 1/4 per cent is payable by the Vessel and Owners to Carl Bock & Co., Hamburg

173 .....  
174 on hire earned and paid under this Charter, and also upon any continuation or extension of this Charter.

175 28. An address commission of 2 1/4 per cent payable to ..... on the hire earned and paid under this Charter.

Clauses 29 to 95 and Appendix as attached hereto are deemed to be fully incorporated in this Charter Party.

DEPOSITION of RULE 30(b)(6) WITNESS

NORBERT KOCK

1 Norbert Kock (1-19-16)

2 or worldwide?

A. I think worldwide about 12,000.

4 I'm not sure. We have a lot of seafarers, we  
5 have a lot of land-based people, we have a lot  
6 of offices around worldwide.

7 Q. So worldwide, ballpark, about  
8 12,000 people?

9 A. I would assume that, yes.

10 Q. And in Hamburg, about how many  
11 people in the headquarters?

12                   A.         In Hamburg, I think about a  
13 thousand. This is also an estimation, I don't  
14 have the actual figures.

15 Q. Do you understand that the cases  
16 that you're appearing here in connection as  
17 Hapag-Lloyd's corporate representative today  
18 involve certain bunker purchasing transactions  
19 with vessels that involved Hapag-Lloyd,  
20 including the SANTA ROBERTA, the SEASPAN  
21 HAMBURG, the VIENNA EXPRESS, the SOFIA EXPRESS,  
22 the DERBY D and SIDNEY EXPRESS?

23 A. Yes.

24 Q. Did Hapag-Lloyd own or charter  
25 those vessels?

1 Norbert Kock (1-19-16)

2                   A.         The VIENNA EXPRESS is an owned  
3 vessel.

4 Q. We'll take them one by one as we go  
5 through. In connection with those vessels that  
6 I just mentioned, did Hapag enter into a  
7 contract with anyone whereby they purchased fuel  
8 for those vessels?

9 MR. FERNANDEZ: Objection to the  
10 form.

11                   A.         The purchasing is done by  
12                   Hapag-Lloyd's purchasing department. We are not  
13                   entitling any other party to do the purchasing  
14                   for us, we are the responsible purchasers.

15 Q. Understood. So in connection with  
16 those vessels that I mentioned, those six  
17 vessels, who did Hapag-Lloyd's bunker purchasing  
18 department purchase the fuel from?

19                   A.        We purchased the fuel from O.W.  
20                   Bunker in Germany.

21 O. O.W. Bunker Germany, GMBH?

22 A. Yes.

23 Q. Did you enter into any agreements  
24 with O.W. Bunker Germany about the price of fuel  
25 that you would purchase from them?

1 Norbert Kock (1-19-16)

2 Q. And it's for the supply of fuel to  
3 the SANTA ROBERTA?

4                   A.         The supplier has been mentioned as  
5     U.S. Oil. U.S. Oil has been mentioned as their  
6     physical supplier.

7 Q. Did Hapag-Lloyd have any control  
8 over the selection of the physical supplier?

9 A. No.

10 Q. Did Hapag-Lloyd direct O.W. Germany  
11 to use U.S. Oil for the supply of fuel in  
12 Tacoma?

13 A. NO.

## 14 Q. What is Norton Lilly?

15                   A.         Norton Lilly is the local agency of  
16         Hapaq-Lloyd in this area.

17 Q. Can you explain what a port agent  
18 is?

19                   A.         The agent is responsible to  
20                   coordinate also bunker supplies or lubricant  
21                   supplies between the local vendors and the  
22                   vessel; and in case of fuel oil supplies also  
23                   the engaged quality control, which is normally a  
24                   bunker surveyor engaged by us.

25 Q. Was there a bunker surveyor engaged

1 Norbert Kock (1-19-16)

2 in connection with this supply?

3 A. Yes.

4 Q. Who was that, if you recall?

## 5 A. Oiltest.

6 Q. Does a port agent such as Norton  
7 Lilly, or a bunker surveyor such as Oilttest, do  
8 they have any responsibility for purchasing  
9 fuel?

10 A. No.

11 Q. They are not authorized by  
12 Hapag-Lloyd to purchase fuel?

13 A. No.

14 Q. It's fair to say that they're  
15 involved in the logistics of coordinating the  
16 delivery after the order is placed?

17 A. Yes.

18 Q. Under remarks there's a designation  
19 that says "HALO GTC2007 shall apply." What does  
20 that mean?

21                   A.        They are referring to an earlier  
22 accepted set of terms and conditions of  
23 Hapag-Lloyd, which has been created in 2006, but  
24 the business condition between O.W. Bunker  
25 Germany and Hapag-Lloyd were begun or started in

1 Norbert Kock (1-19-16)

2 system.

3 Q. So Mr. Gaus has to fill in the  
4 information next to reference number, account,  
5 seller in the middle of the page here on page  
6 151?

7 A. Yes.

8 Q. The information about the local  
9 physical supplier that would be used by O.W.  
10 Germany, is that information that Mr. Gaus would  
11 have received from Mr. Selmer?

12                   A.         Yes, and it's needed for logistical  
13 reasons.

14 Q. Would this purchase order be  
15 generated before or after the order was agreed?

16           A.       The order agreement has taken place  
17        during a telephone call, this is the normal way  
18        we are purchasing; and then the written order  
19        would be processed later on, it could be the  
20        same day or it could be the next day depending  
21        on what time the order is placed.

22 Q. On page 152 there are additional  
23 provisions as to quality and quantity of the  
24 fuel relating to a survey and sampling of the  
25 fuel, do you see that?

1                   Norbert Kock (1-19-16)

2                   A.       Um-hum.

3                   Q.       Those are obligations that O.W.

4                   Germany took on?

5                   A.       This is a standard requirement of  
6                   Hapag-Lloyd. These procedures are standard  
7                   procedures from Hapag-Lloyd. Any vendor  
8                   supplier has to follow, or seller has to follow  
9                   these procedures.

10                  Q.       Do you know if Hapag-Lloyd made any  
11                  payment on the supply to O.W. to the SANTA  
12                  ROBERTA?

13                  A.       Yes.

14                  Q.       What's your understanding?

15                  A.       We make payment to the seller.

16                  MR. MALONEY: Let me show you what  
17                  I will have marked as Exhibit 12.

18                  (Kock Exhibit 12, Document Bates  
19                  stamped HPL-USOT 80, marked for identification.)

20                  Q.       This is a document Bates labeled  
21                  HPL-USOT 80. Have you seen this document  
22                  before?

23                  A.       Yes.

24                  Q.       What is this document?

25                  A.       This is the sales invoice of O.W.

1 Norbert Kock (1-19-16)

2 Q. How did Hapag-Lloyd come into  
3 possession of this document?

4                   A.         This has been shown to me during  
5       the preparation of this event.

6 Q. Was that the first time you saw a  
7 copy of this document?

8 A. Yeah.

9                   Q.         Did U.S. Oil Trading have an  
10          account with Hapag-Lloyd?

11 A. No.

12 Q. And this is not an invoice that was  
13 sent to Hapag-Lloyd?

14 A. No.

15 (Kock Exhibit 14, Document Bates  
16 stamped HPL-USOT pages 170 and HPL-USOT 171,  
17 marked for identification.)

18 Q. We have marked as Exhibit 14 a  
19 document Bates labeled HPL-USOT pages 170 to  
20 173. Have you seen this email and its  
21 attachments before?

22                   A.         This is the confirmation of the  
23         SANTA ROBERTA advising us about the received  
24         fuel oil

25 0. And on page 172 what does this

1 Norbert Kock (1-19-16)

<sup>2</sup> there was a dispute here in this respect.

3 Q. Now turning to Exhibit 15 which is  
4 Bates labeled HPL-USOT 172 to 173. It appears  
5 there are seven separate fuel transactions with  
6 different vessels, is that correct?

7 A. Yes.

8 Q. One of those vessels is the SANTA  
9 ROBERTA?

10 A. Yes.

11 Q. This document reflects payment made  
12 to O.W. Germany on the SANTA ROBERTA and other  
13 transactions?

14 A. Yes.

15 Q. Would you mind translating for the  
16 record what the German text reads after "ladies  
17 and gentlemen"?

18                   A.         This is separate -- there is a  
19       separate payment of the below mentioned items.  
20       We did --

21 THE INTERPRETER: On advisement of  
22 the correctness.

23 A. Of the supplies.

1 Norbert Kock (1-19-16)

2 A. Right.

3 Q. There are again some stamps on the  
4 invoice. Was this booked by Hapag-Lloyd's  
5 accounting department in October 28th of 2014?

6                   A.         Yes. You like the name. It has  
7     been booked by the accounting manager,  
8     Mrs. Yaylaoglu. I think she's coming from  
9     Turkey.

10 Q. Do you know whether this invoice  
11 was paid by Hapag-Lloyd to O.W. Germany?

12 A. Yes.

13 Q. Yes, it was paid?

14                   A.         No.     Wait.   Due date November 15th.  
15     I strongly believe we have stopped it.

16 Q. Ordinarily the terms of payment are  
17 within 30 days from the date of delivery listed  
18 there on the invoice?

19                   A.         Right, providing the invoice is  
20       coming within 14 days or 15 days after supply.  
21       If not, we are paying 15 days after receipt of  
22       the invoice.

23 MR. MALONEY: I think it's a good  
24 time for a lunch break.

25 (Lunch recess taken at 12:54 p.m.)

1 Norbert Kock (1-19-16)

2 MR. MALONEY: We're back from  
3 lunch.

4 Q. I'm going to hand you a document  
5 marked as Kock Exhibit 24, document Bates  
6 labeled HPL-USOT 00115.

7 Is this email and attachment from  
8 the SOFIA EXPRESS?

9 A. Yes.

10 Q. What does this document refer to?

11                   A.         It's a bunker requisition for the  
12                  Port of Tacoma on the 29th of October, coming  
13                  from the vessel's master.

14 Q. Do you know, was the SOFIA EXPRESS  
15 owned by Hapag-Lloyd?

16 A. This is a Hapag-Lloyd vessel.

17 Q. Was Hapag also operating that  
18 vessel?

19 A. Yes.

20 Q. In October of 2014?

21 A. Yes.

22 Q. This email went to the bunker  
23 purchasing department?

24                   A.         Yes. To the requirement section,  
25                   3.

1 Norbert Kock (1-19-16)

2 O. It's dated November 1st of 2014?

3 A. Yes.

4 Q. This copy is a little bit hard to  
5 read. Underneath the line items for quantity  
6 supplied and quality there's a notation that  
7 it's a "non-taxable delivery abroad."

10 A. No.

11 Q. I can't read the handwriting on the  
12 right. Do you have any understanding of what  
13 that notation refers to?

14                   A.         It looks like that a claim has been  
15         issued on this supplier and the payment, the  
16         normal payment run has been stopped due to this  
17         claim.

18 Q. Are you referring to a claim with  
19 respect to the quantity or quality of fuel  
20 delivered, or something else?

21                   A.         In this specific case I can't  
22 remember.

23 Q. It's your understanding that this  
24 invoice has not been paid, correct?

25 A. Yes.

7 Q. Would the bunker purchasing  
8 department ever send a claim like this to the  
9 local physical supplier?

10                   A.         No.    We have no relation to this  
11   physical supplier, we have no contract with  
12   them.

13 Q. The information on page 127 details  
14 the claim that Ms. Niemeyer made?

15           A.       Yes. This is the fuel survey  
16          report we received from the attending surveyor  
17          who was at the scene witnessing the quantity  
18          determination onboard of the bunker barge, and  
19          witnessing also the sample drawing, and then  
20          arranging later on the analysis here.

21 Q. Does the review of that email  
22 refresh your recollection as to whether that  
23 refers to the claim that's indicated on the  
24 invoice?

25 A. It looks like, yes.

1 Norbert Kock (1-19-16)

2 Tacoma on October 18, 2014. The original  
3 documents will follow by courier."

4 Q. The attachment to this email on  
5 page 200, is that the invoice from O.W. Germany  
6 to Hapag-Lloyd?

7 A. Yes.

8 Q. Again, it was booked on October 29,  
9 2014 by Hapag-Lloyd's accounting department?

10 A. Yes.

11 O. This invoice also was not paid?

12 A. Not paid, the security was issued.

13 (Kock Exhibit 32, Document Bates

14 stamped HPL-USOT 197 to HPL-USOT 198, marked for  
15 identification.)

16 Q. We have marked as Exhibit 32 a  
17 document Bates labeled HPL-USOT 197 to 198.  
18 Have you seen this document before, sir?

19 A. Yes.

20 Q. What is this document?

21                  A.        This is an email to our requirement  
22 section 3, as well as to our ship management  
23 department, confirming the bunker delivery at  
24 Tacoma on 18/10/2014.

25 MR. MALONEY: Let's go off the

1 Norbert Kock (1-19-16)

2 Q. To not --

3                   A.         We are not interested to allow them  
4                   to know who is competing to maybe contact each  
5                   other to manipulate prices.

Q. There's no reference to any local physical suppliers on page 42 and 43, is there?

8 A. No.

9                   Q.         Do you know if this inquiry was  
10          sent directly to O'Rourke Marine Services?

11                   A.        This inquiry has not been sent to  
12                   O'Rourke.

13 Q. Did Hapag-Lloyd have any  
14 relationship with O'Rourke Marine Services  
15 directly?

16                   A.         No, no relationship directly. We  
17     only have relationship to sellers accepting our  
18     terms and conditions of purchasing.

19 Q. O.W. Germany accepted Hapag-Lloyd's  
20 terms and conditions?

21 A. Yes.

22 Q. Did U.S. Oil Trading accept  
23 Hapaq-Lloyd's terms and conditions?

24 MR. KEOUGH: Objection.

25 A. We had no contact with these guys.

1 Norbert Kock (1-19-16)

2 and that's a reference to this ARA contract.

10 MR. KEOUGH: Objection to the form.

11 MR. FERNANDEZ: Objection.

12 A. Yes.

13 Q. So even though this contract in  
14 Exhibit 3 might not be relevant, payment would  
15 still be remitted from Hapag to O.W. Germany for  
16 bunker transactions for which O.W. Germany  
17 received the nomination?

18 MR. FERNANDEZ: Objection to the  
19 form.

20 MR. KEOUGH: Objection.

21 Q. In other words, Hapag would not pay  
22 a physical supplier directly?

23 A. No.

24 Q. Never. Okay. Did Hapag ever  
25 receive invoices directly from the physical

1 Norbert Kock (1-19-16)  
2 suppliers for bunker nominations awarded to O.W.  
3 Germany?

4                   A.         There is a chance that this has  
5     been done in the course of bankruptcy when we  
6     had to cover on a very short notice bunker  
7     deliveries in the Port of Antwerp and Rotterdam.

8 Q. Prior to the bankruptcy did that  
9 ever occur?

10 A. No, not prior.

11 Q. Let's look at what has been marked  
12 as Exhibit 47, and this is Mr. Kock's  
13 Declaration from action 15-cv-6718, which was  
14 transferred from the U.S. District Court of the  
15 Western District of Washington to the Southern  
16 District of New York.

17 Sir, do you recognize this  
18 document?

19 A. Yes.

20 Q. This is a declaration that you  
21 signed on behalf of Hapaq-Lloyd?

22 A. Yes.

23 Q. I take it then that you reviewed  
24 this document for the accuracy of its contents  
25 before signing?

1 Norbert Kock (1-19-16)

2 MR. KEOUGH: Objection to the form.

3 A. Probably, yes.

4 Q. But that's not what occurred here?

5 A. No.

6 Q. In footnote 2 of your declaration

7 you say you completely disagree with U.S. Oil's

## 8 characterization of O.W. Denmark as a bunker

9 broker.

10 Again, I believe you've answered  
11 this from your perspective. From Hapag's  
12 perspective O.W. Germany was its contractual  
13 counterparty, correct?

14                   A.         O.W. Germany was our contractual  
15                   counterparty.

16 Q. Hapag-Lloyd did not contract with  
17 O.W. Denmark in these transactions?

18 A. Never.

19 Q. And O.W. Germany was a trader in  
20 part because it agreed to A, sell the bunker  
21 fuel to Hapag-Lloyd; and B, agree to accept  
22 Hapag-Lloyd's terms and conditions; and C,  
23 assume the risk for that sale?

24 A. That's right.

25 MR. KEOUGH: Objection.

1 Norbert Kock (1-19-16)

2 parties which could be an in between.

Q. Is it fair so say then that Hapag

4 did not care what happened downstream of O.W.

5 Germany in terms of dealing with subcontractors,

6 physical suppliers?

7 MR. KEOUGH: Objection.

8           A.       That's not our business.

9           Q.       If I understand correctly from what

10          you said a few minutes ago, O.W. Germany's

11          solicitation of business, as having the ability

12          to serve as a one-stop shop, satisfied Hapag's

13          upper management that they could begin doing

14          business with O.W. Germany in 2007, is that

15          correct?

16 MR. FERNANDEZ: Objection to the  
17 form. You can answer the question.

18 A. Yes, it seems so.

19 Q. So if I understand sort of as a  
20 synthesis of what you said already, Hapag-Lloyd  
21 never authorized or pointed O.W. Germany as an  
22 agent to order fuel on Hapag's behalf, is that  
23 correct?

24 MR. KEOUGH: Objection.

25 A. Never.

1 Norbert Kock (1-19-16)

2 O. Did Hapaq-Lloyd ever advise U.S.

3 Oil or O'Rourke Marine that O.W. Germany was

4 acting as an agent of Hapag-Lloyd?

5 A. No.

6 Q. Let's take a look at Exhibit H 1  
7 which is attached to your declaration toward the  
8 back. I would also like you to take a look at  
9 Exhibit 3, the third page of Exhibit 3 which is  
10 Bates stamped USOT 000103 through 107. I want  
11 you to compare these two.

12 It seems like we have two sets of  
13 terms and conditions used by Hapag-Lloyd. The  
14 version attached to Exhibit 3 appears to be  
15 3 pages long, and the version appearing at  
16 Exhibit H 1 of your declaration is 5 pages long.

19                   A.         The first version here which was  
20                   dated 2006, this is the version we were  
21                   discussing earlier today, which has been always  
22                   mentioned by O.W. as the terms and conditions of  
23                   2007.

24 Q. And that's the version attached as  
25 Exhibit H 1 to your declaration?

1 Norbert Kock (1-19-16)

2 Germany?

3                   A.         Yeah, but it has been also  
4 confirmed by O.W. in their order.

5 Q. In their sales order confirmations.

Even though Hapag's purchase order confirmations refer to the latest edition, it's the sales order confirmation and O.W. Germany's identification of the 2006 version that apply?

10 A. Yes.

11 MR. KEOUGH: Objection.

12                   Q.         Correct me if I'm wrong, but I  
13 believe you testified earlier that Hapag did not  
14 control O.W. Germany's selection of a physical  
15 supplier or a subcontractor for the purchase of  
16 a bunker fuel that had been supplied to Hapag?

17 MR. KEOUGH: Objection.

18 A. This is not our business.

19 Q. So Hapag did not instruct O.W.  
20 Germany to use certain physical suppliers at  
21 various ports?

22 A. No.

23 MR. KEOUGH: Objection.

24 MR. HEILIG: Let's take a 3-minute  
25 break and mark some exhibits.

1 Norbert Kock (1-19-16)

2 Q. I believe we discussed a bit about  
3 Norton Lilly and Oiltest, is that correct?

4 A. Yes.

5 Q. If I understand correctly, Norton  
6 Lilly was the local agent at the port?

7 A. That's right.

8 Q. And Oiltest was the surveyor  
9 appointed to essentially run quality control on  
10 the fuel specs?

11 A. Yes, and quality.

12 Q. What would be the purpose of the  
13 email at pages 154 to 155?

14                   A.         To inform the local agent, the  
15                   vessel, the stowage planners, as well as the  
16                   attending surveyor about this order we did.

17 Q. So it's really logistics and  
18 coordinating the physical supplier at the port?

19 A. It's only logistics.

20 Q. Neither Norton Lilly nor Oilttest  
21 plays any part in the negotiation or the  
22 formation of a contract for the purchase of fuel  
23 oil?

24 A. No.

25 Q. Do you know whether Hapag's

1 Norbert Kock (1-19-16)

2 claim was valid, there would be an adjustment in  
3 price to O.W. Germany's invoice to Hapag-Lloyd?

4 A. That's right.

5 Q. Irrespective of whether or not  
6 there would be a corresponding reduction or  
7 adjustment in price of the physical supplier's  
8 invoice to O.W.?

9                   A.        We have no relation to the physical  
10          supplier.    We are just dealing with O.W.  
11          Germany.

12 Q. This all stems from that issue in  
13 the '90s where you dealt with the broker who  
14 simply washed his hands with the situation, and  
15 left Hapaq with the recourse?

16 A. Yes.

17 Q. Let's take a look at Exhibit 14. I  
18 believe this was an email from the vessel  
19 attaching the bunker delivery note that was sent  
20 directly to Hapag?

21 A Yes

22 Q. Would Hapag have also received a  
23 copy of the bunker delivery note from O.W.  
24 Germany at some point?

A. It could have been done at some

1 Norbert Kock (1-19-16)

2 A. I don't know.

3 MR. FERNANDEZ: Let me just note  
4 he's already indicated that as far as in the  
5 30(b)(6) he wouldn't be comfortable on the lien  
6 issue, so it's not his area of expertise for  
7 purposes of the 30(b)(6).

8                    0.         Would you turn to paragraph 12.

9     Would you look at paragraph 12, it's on page 4  
10    of 8. Do you see that?

11 A. Yes.

12 Q. In that paragraph you describe that  
13 the fuel department evaluated the request for  
14 bunkers for the VIENNA EXPRESS, right?

15 A. Yes.

16 Q. You say, "Based upon pricing,  
17 quality and energy content the fuel department  
18 ordered the fuel to be delivered to the VIENNA  
19 EXPRESS from O.W. Germany," correct?

20 A. Yes.

21 Q. You knew that for that order U.S.  
22 Oil Trading was delivering the fuel to the  
23 vessel in Tacoma, right?

24 MR. FERNANDEZ: Objection.

25 A. You need to know who was delivering

1 Norbert Kock (1-19-16)

2 or who was going to deliver.

3 Q. And in this case you knew it would  
4 be U.S. Oil, right?

5                  A.        It has to be coordinated, just for  
6                  logistical reasons.

7 Q. Hapag-Lloyd has to do that  
8 coordination, right?

A. No. The local agent, Norton Lilly.

10 Q. For Hapag-Lloyd, right?

11 A. Yes.

12 Q. So you know that U.S. Oil is going  
13 to be the party that's supplying the oil for  
14 that order, correct?

15 A. Yes.

16 MR. FERNANDEZ: Objection.

17 MR. HEILIG: Objection.

18 Q. Now, in this paragraph 12 you did  
19 not attach any of the price comparisons that  
20 you've testified about here today, right?

21 A. Um-hum.

22 Q. Was there a reason that you didn't  
23 include that price comparison as an exhibit to  
24 paragraph 12?

25 A. No.

TERMS AND CONDITIONS.

SAMPLES:

Measuring and sampling to be done at barge/tanktruck/shoreside manifold, and receiving Vessels crew is requested to witness and verify the measuring of quantity and the drawing and sealing of samples. These verified quantities as noted in the BDR as well as these samples taken are the only ones deemed representative, and any dispute regarding quality to be settled by testing these retained samples by an independent laboratory at port/place of delivery, and result of this testing is deemed to be final and binding for both parties.

TERMS:

The sale and delivery of the marine fuels described above are subject to the OW Bunker Group's Terms and Conditions of sale(s) for Marine Bunkers. The acceptance of the marine bunkers by the vessel named above shall be deemed to constitute acceptance of the said general terms applicable to you as 'Buyer' and to O.W. Bunker Germany GmbH as 'Seller'.

The fixed terms and conditions are well known to you and remain in your possession. If this is not the case, the terms can be found under the web address:

[http://owbunker.com/wp-content/uploads/2013/12/OWB\\_GTC\\_ValidFrom01092013.pdf](http://owbunker.com/wp-content/uploads/2013/12/OWB_GTC_ValidFrom01092013.pdf)

GUIDELINES FOR RECEIVING BUNKERS:

We strongly urge you to forward the information regarding: General Instructions and Guidelines for Bunkering, for Receiving Vessels, on page 3, soonest possible to your Chief Engineer onboard. Following the suggested Guidelines should minimize risk of quantity disputes. Please bear in mind that barge figures are the sole valid quantity determination, wherefore Chief Engineer's attendance onboard the barge is extremely important.

OTHERWISE:

Any errors or omissions in above Confirmation should be reported immediately.

PLEASE INFORM US BY RETURN IF ABOVE NOMINATION DETAILS ARE NOT IN ACCORDANCE WITH YOUR UNDERSTANDING.

**O.W. Bunker Germany GmbH  
WW Division**

**GENERAL INSTRUCTIONS AND GUIDELINES FOR BUNKERING, FOR RECEIVING VESSELS**

**BEFORE BUNKERING:**

Please make sure to check all information given by the supplier on Bunker Requisition Form or such similar form as the supplier presents via the barge. If you notice changes in quantity or quality please urgently contact the relevant person in charge in your own operations to have same verified.

Make sure to witness and verify initial measurements and ullaging onboard the barge before, ALL tanks to be checked and measured including actual temperature of cargo – also including those tanks said not to be included in the particular supply (idle tanks). Compare measurements and verify the quantities as per barge ullage tables. When in full agreement please sign the ullage/sounding report for Before Supply figures. If any disagreements with the measurements, temperature and thereby figures please advise this on the Sounding form or, if not allowed, on separate Letter of Protest (make sure to obtain signature and stamp from barge Master for receipt).

If surveyor attends please ensure the surveyor also participates in measuring all barge tanks before supply and verify the figures.

**DURING BUNKERING:**

Always place a watchman to witness safe operation including also proper and correct sampling. The watchman must ensure that sampling is done properly, as continuous drip sampling throughout the delivery, and that clean devices are used for sampling. Also the watchman must witness proper and correct division into minimum 4 (four) clean and new identical sample bottles, including proper labelling and sealing of ALL samples. Make sure original sample (cubitainer) is shaken vigorously for 3 minutes before splitting into the 4 sample bottles and that bottles are filled in several passes. All seal numbers to be inserted into the Bunker Delivery Receipt (BDR). The MARPOL sample must be one of these samples drawn under witnessing.

The watchman must pay special attention to the bunker hose, and any un-agreed attempts to transfer air via same should cause immediate stoppage unless the use of air is caused by stripping of barge tanks, which stripping to be agreed in advance by both parties. If air is blown on continued basis, and stoppage on the supply not possible for any reason, the incident to be stated on a Letter of Protest, which should also contain the time (hours from/to) that airblow was notified.

It is known in some areas that the so-called Cappuccino Effect may be used or attempted to be used during supply. Pay special attention hereto and take all necessary precautions to observe, which includes:

- During tank measurements before it should be notified whether there are signs of air on the measuring tape used for ullaging.
- Look carefully for any signs of bubbles or similar on the surface of the fuel when it is still onboard the barge.
- Agree with the barge when and if they are going to make stripping of their tanks.
- Check and note the draft fore, mid and aft on the barge before and after supply to compare.
- If any signs at all of cappuccino or similar (except eventual stripping, agreed in advance), please stop the supply immediately and compare supply quantities made so far.
- Contact vessel operator in charge and request notification to the Seller and Supplier immediately.
- If surveyor attending please ensure that the surveyor signs a Letter of Protest also.
- After stopping the bunker supply please wait minimum 1 hour to await bubbles to disappear and re-measure the barge jointly with barge Master.

**AFTER COMPLETION:**

Repeat the measurement, sounding and ullaging of the barge, including verification of temperature of each tank. Make sure also on completion to verify contents of ALL tanks, including those being idle.

Report (ullage) must be signed by all parties involved, including eventual nominated surveyor. If disagreements with the figures (mm, temperature) a Letter of Protest to be issued, but also such specific disagreements to be stated on the Ullage report covering "after" supply.

**QUANTITY COMPLAINTS:**

Receiving Vessel to inform discrepancies in writing latest upon completion of taking the bunkers.

TERMS AND CONDITIONS:

SAMPLES:

Measuring and sampling to be done at barge/tanktruck/shoreside manifold, and receiving Vessel's crew is requested to witness and verify the measuring of quantity and the drawing and sealing of samples. These verified quantities as noted in the BDR as well as these samples taken are the only ones deemed representative, and any dispute regarding quality to be settled by testing these retained samples by an independent laboratory at port/place of delivery, and result of this testing is deemed to be final and binding for both parties.

TERMS:

The sale and delivery of the marine fuels described above are subject to the OW Bunker Group's Terms and Conditions of sale(s) for Marine Bunkers. The acceptance of the marine bunkers by the vessel named above shall be deemed to constitute acceptance of the said general terms applicable to you as 'Buyer' and to O.W. Bunker Germany GmbH as 'Seller'.

The fixed terms and conditions are well known to you and remain in your possession. If this is not the case, the terms can be found under the web address:

GUIDELINES FOR RECEIVING BUNKERS:

We strongly urge you to forward the information regarding: General Instructions and Guidelines for Bunkering, for Receiving Vessels, on page 3, soonest possible to your Chief Engineer onboard. Following the suggested Guidelines should minimize risk of quantity disputes. Please bear in mind that barge figures are the sole valid quantity determination, wherefore Chief Engineer's attendance onboard the barge is extremely important.

OTHERWISE:

Any errors or omissions in above Confirmation should be reported immediately.

PLEASE INFORM US BY RETURN IF ABOVE NOMINATION DETAILS ARE NOT IN ACCORDANCE WITH YOUR UNDERSTANDING.

**GENERAL INSTRUCTIONS AND GUIDELINES FOR BUNKERING, FOR RECEIVING VESSELS**

**BEFORE BUNKERING:**

Please make sure to check all information given by the supplier on Bunker Requisition Form or such similar form as the supplier presents via the barge. If you notice changes in quantity or quality please urgently contact the relevant person in charge in your own operations to have same verified.

Make sure to witness and verify initial measurements and ullaging onboard the barge before ALL tanks to be checked and measured including actual temperature of cargo - also including those tanks said not to be included in the particular supply (idle tanks). Compare measurements and verify the quantities as per barge ullage tables. When in full agreement please sign the ullage/sounding report for Before Supply figures. If any disagreements with the measurements, temperature and thereby figures please advise this on the Sounding form or, if not allowed, on separate Letter of Protest (make sure to obtain signature and stamp from barge Master for receipt).

If surveyor attends please ensure the surveyor also participates in measuring all barge tanks before supply and verify the figures.

**DURING BUNKERING:**

Always place a watchman to witness safe operation including also proper and correct sampling. The watchman must ensure that sampling is done properly, as continuous drip sampling throughout the delivery, and that clean devices are used for sampling. Also the watchman must witness proper and correct division into minimum 4 (four) clean and new identical sample bottles, including proper labeling and sealing of ALL samples. Make sure original sample (cubitalner) is shaken vigorously for 3 minutes before splitting into the 4 sample bottles and that bottles are filled in several passes. All seal numbers to be inserted into the Bunker Delivery Receipt (BDR). The MARPOL sample must be one of these samples drawn under witnessing.

The watchman must pay special attention to the bunker hose, and any un-agreed attempts to transfer air via same should cause immediate stoppage unless the use of air is caused by stripping of barge tanks, which stripping to be agreed in advance by both parties. If air is blown on continued basis, and stoppage on the supply not possible for any reason, the incident to be stated on a Letter of Protest, which should also contain the time (hours from/to) that airblow was notified.

It is known in some areas that the so-called Cappuccino Effect may be used or attempted to be used during supply. Pay special attention hereto and take all necessary precautions to observe, which includes:

- During tank measurements before it should be notified whether there are signs of air on the measuring tape used for ullaging.
- Look carefully for any signs of bubbles or similar on the surface of the fuel when it is still onboard the barge.
- Agree with the barge when and if they are going to make stripping of their tanks.
- Check and note the draft fore, mid and aft on the barge before and after supply to compare.
- If any signs at all of cappuccino or similar (except eventual stripping, agreed in advance), please stop the supply immediately and compare supply quantities made so far.
- Contact vessel operator in charge and request notification to the Seller and Supplier immediately.
- If surveyor attending please ensure that the surveyor signs a Letter of Protest also.
- After stopping the bunker supply please wait minimum 1 hour to await bubbles to disappear and re-measure the barge jointly with barge Master.

**AFTER COMPLETION:**

Repeat the measurement, sounding and ullaging of the barge, including verification of temperature of each tank. Make sure also on completion to verify contents of ALL tanks, including those being idle.

Report (ullage) must be signed by all parties involved, including eventual nominated surveyor. If disagreements with the figures (mm, temperature) a Letter of Protest to be issued, but also such specific disagreements to be stated on the Ullage report covering "after" supply.

**QUANTITY COMPLAINTS:**
